

# DIRECT ATTACHED STORAGE (DAS)

## Highly Available, Simple & Affordable

A DAS is a dedicated storage device that's added to your environment. It's an ideal solution for applications requiring a lower-cost, entry-level cluster to maintain availability. Also, if you're simply looking for an economical way to expand your storage, DAS is a smart alternative.

## DAS PRODUCT SPECIFICATIONS: MD3000

<b>Total Drive Count</b>	Up to 15 SAS drives
<b>Maximum Raw Storage</b>	10TB (using fifteen 450GB, 10K RPM SAS drives)
<b>Supported RAID Configurations</b>	RAID 0, 1, 5, 6, 10 & Optional Hot Spare (All drives should be of same size)
<b>End-to-End Connectivity</b>	SAS
<b>Drive Interface</b>	SAS
<b>Drive Capacity</b>	146GB, 300GB, 450GB at 15K/RPM
<b>RPMs</b>	15K
<b>Transfer Rate</b>	3Gbps
<b>Hot Pluggable</b>	Yes
<b>Clustering Support</b>	Yes, up to 2 Nodes (Intensive® Customers Only)
<b>Redundant Smart Array Controller</b>	Active/Active controllers (single or dual port configuration)
<b>Controller Cache</b>	512MB Battery Backed, Mirrored Cache
<b>SAN Backup Support</b>	No
<b>Multi-path Connectivity/Load Balancing</b>	Yes (dual port configuration only)
<b>OS Support</b>	Windows 2008 Standard or Enterprise (32 and 64 bit) Red Hat Enterprise Linux 4/5 ES and AS (32 and 64 bit)
<b>Rack Height</b>	3U
<b>Compatibility</b>	Compatible with certain servers only, up to 2 nodes

### Scalable On-demand

highly scalable, whether you need to add 146GB or 10TB, disks can be added as you need them

### Responsive

monitored by dedicated support teams 24x7x365 and protected by a 1-Hour Hardware Replacement Guarantee

### Flexible

multiple configuration options for a variety of storage needs including transactional databases, media downloads and archiving

### Dedicated

dedicated solution ensures you are the only one accessing data on your drives and can help satisfy requirements for certain compliance programs

### Easy

adding a DAS is easy on your budget and eliminates the complexities of growing your storage by adding another server to your configuration
